HEALTH CARE POLICY

Keep for your Records

- Please use good judgment when sending your child to child care.
- Children must be able to participate in all activities.
- All allergies must be noted at time of registration.
- Any child who is sent home with a rash or fever, or wakes up with such, must remain home for 24 hr. **NO EXCEPTIONS.**

FIRST AID

- A counselor will administer First Aid to your child. All are currently certified in First-Aid and CPR. Parents will be notified, within 24 hours, or sooner when first aid has been applied.

MEDICATION

- All medication must be in the original container.
- Please hand medication in to the site director only.
- Please do not leave in lunchbox or child's backpack.
- A written note from the physician must accompany non-prescription medication. It needs to state the specific medication, and the exact dose and length of time to be given **NO EXCEPTIONS.**
- Parents need to fill out a medical release form which can be found at the parents table, for all medications
- Children with asthma may, with written parental consent, and authorization from the physician, carry their own inhalers and use them as needed. Any use of the inhaler will be documented on the child's medical log.
- Children with allergies to bee stings may carry epi-pens to be used as needed. Use will be documented on the child's medical log.
- If your child becomes ill, he/she will be separated from the group to rest quietly. We will contact a parent or emergency contact to pick up the child. Please assure that your contact numbers are accurate.

COMMUNICABLE DISEASE

- Any child who contracts a fever, rash, vomiting or diarrhea during child care hours will be isolated from the others, and contacts will be called to pick up child immediately.
- Head lice: are insects that feed off the human body to survive. They lie in the human scalp and are about the size of a sesame seed. Head lice hatch from eggs called nits. These tiny eggs are grayish white, and shaped like tear drops. They attach themselves to the hair shaft and are very difficult to remove. Head lice are very contagious. **The YMCA maintains a no nit policy. Children may not return to childcare until they are nit free.**
